

# Bitch Alert, Libertine

Run away the decent life you'll never get  
Same as I you have your bad times I bet

The cocaine kicked in  
You licked me  
Tested my dignity  
Well at least I looked  
Fucking pretty

These bruises don't hurt  
I'm here for myself  
I'm not ashamed  
No dirt  
Just being too high

Run away the decent life you'll never get  
Same as I you have your bad times I bet

Libertine, libertine, up on the rodeo  
I'm a libertine I live like a teen

One day it hit me  
I'm not in  
I just need someone to  
Tell me that I'm so  
Fucking pretty

Bruises all over me  
Come here and hurt me  
Does it do  
The trick to get as  
Thin as twiggy?
