

Bitch Alert, Loveson

Just hot kisses but in the morning I feel like a bitch
Why didn't we do anything? Is it only the hedonistic thing
I need you to hold me, oh yes I need
I need something more, I know you want it too

Why doesn't it happen, you're not here, why don't you sleep with
me
You're not able to sleep with me

You are in my daydreams

Just hot kisses but in the morning feel like a bitch, bitch
Why didn't we talk anything? Is it only the sex sex sex game
I need you to hold me, oh yes I need
I need so much more, I know you want it too

Why doesn't it happen, you're not here, why don't you sleep with
me
You're not able to sleep with me

You got to, I know you want it too
