

# Bizzy Bone, A Song For You

(feat. DMX, Chris Notez)

Bizzy Bone It's the Dog, Bizzy Bone  
Got the Dog

You got Bizzy Bone ya man

Undisputed champion boy

Here's how it's done aight

I love you in a place, Where there's no space or time

I love you, for the life, You're a friend of mine

And when my life is over, Remember when we were together

We were alone, and I was singing this song to you

Fully-Automatic, Whateva you want to know

We got's to cry, That I

Stand in the back and ready, Attack

And ready for combat, I

Heavily heated, Weeded, Beat it, Need it, See it

Get it, Get it, Get it, Good, Don't get it misunderstood

My homey, Only homey, Walking and we talking fo' sho

And I'm a be with him in the end with forgiveness, No more

And remember the words are (herb?) perfect, How could I be worthy

And when I feel so dam dirty, Dirty

By leaning on a leer jet, Baby ain't here yet

Henny, Caffeine, & nicotine, Notice I left out the green

Notice I never brake a set, Who's that Fuck it

I don't even know the chick, I don't even know that shit

Ex me, Perplex me, Flex on decks man

Chastment, Investment, Quiet as kept

I say now, (Man, Man, Man, Man)

Ex me, Perplex me, Flex on decks man

Chastment, Investment, Quiet as kept

Fair

I love you in a place, Where there's no space or time

I love you, for the life, You're a friend of mine

And when my life is over, Remember when we were together

We were alone, and I was singing this song to you

Mad stressed, that I can't even sleep were I rest

So now I were a vest, but what if I don't catch it in the chest

Then I'm out, just like the light when the powers gone

And there's another tombstone, the child's putin flowers on

Long live the dream, of making enough cream

Were I won't have to skeem, or roll aroud with the team

And niggas I can't trust, and I mite have to bust

Over something dumb, know where I'm coming from fuck the fuss

It's to much to bare, and everyday is getting worse

Got me plotin on my peeps, and how to get'em first

It's something to make a nigga strive, and {Stay alive}

So I wach my own back {With a black 45}

Are thay coming? Thay coming to get us

&quot;I'm ready For eva&quot;, they never defeat you

Thay'll never decept ya!

&quot;WHAT!, Come on&quot;

And were are thay coming? Thay coming to get us

&quot;I'm ready For eva&quot;, the love of the future

Thay'll never defeat ya!

&quot;YEAH!, Come on&quot;
