

Bjork, I See Who You Are

I see who you are
Behind the skin
And the muscles
I see who you are, now
And when you get older later

I will see the same girl
The same soul
Lioness, fireheart
Passionate lover

And afterwards
Later this century
When you and I have become corpses

Let's celebrate now all this flesh on our bones
Let me push you up against me tightly
And enjoy every bit of you

I see who you are
