Bjork, Mutual Core

I shuffle around the tectonic plates in my chest

You know i gave it all

Trying to match our continents

To change seasonal shift

To form a mutual core

As fast as your fingernail grows

The Atlantic ridge drifts

To counteract distance

You know i gave it all

Can you hear the effort of the magnetic strife?

Shuffling of columns

To form a mutual core

This eruption undoes stagnation

You didn't know i had it in me

Withheld your love, an unspent capsule

I didn't know you had it in you

You hid the key to our continuity

I didn't know you had it in you

This eruption undoes stagnation

You didn't know, you didn't know

What you resist persists, nuance makes heat

To counteract distance

I know you gave it all

Offered me harmony if things were done your way

My Eurasian plate subsumed

Forming a mutual core

This eruption undoes stagnation

You didn't know i had it in me

Withheld our love, an unspent capsule

I didn't know you had it in you

This eruption undoes stagnation

You didn't know i had it in me

This eruption undoes stagnation

You didn't know, you didn't know
