

# Black Buddafly, Everything

[Verse 1:]

[Amina:]

Is it just because you like me,  
That I wanna be where you be  
Is it the way you tell me goodbye,  
That whenever you go I wanna follow  
Is it the way your eyes blink.  
Or the way you tie your shoe strings  
Or what you talk about can it be more to what it is right now

[Jazz:]

Tell me

Is it the way you tease me,  
By looking hot so easily  
Is it the way you wear your pants low,  
That makes me wanna get down with you I don't know what it is  
Could be the thoughts I hear when you say  
Baby girl you make my day better when we are together are we meant for eachother

[Chorus:]

And I don't know what it is that makes me want ya  
Boy I guess it's everything  
I look at you and it makes me wonder  
Why I just like everything  
Cause everything you do, and everything you say  
It's like I can not find anything that ain't right  
They say it must be something  
But I just like everything

[Verse 2: Jazz]

Is it the way your not trying  
And still you always keep me smiling  
The side of you that can be so tough  
Or your innocent kisses I can't get enough  
Is it you callin in the morning saying baby  
I'm falling back asleep that makes me wanna keep you forever  
No doubt  
It ain't no one better

[Chorus]

And oh I love how you comfort me  
Seems like you know exactly what's right when it's right and in my mind...  
I think you must stay... please stay  
And oh  
It's not supposed for you to wait have you wanting more  
I know I love you  
You and all you do and I don't care why no...

[Chorus]

Everything That you do  
Love everything That you say  
Love everything that you do, love everything that you say  
Everything that you do, love everything that you say  
Everything about you
