

# Black Era, The Black Page

## BLACK PAGE

A page of black for people like you

A page of liquid ink for name like yours

A page all black deep inside my heart and deep down my bones

Flowing flowing flowing flowing

Never running and never slow deep down my bones black page flows

Flowing flowing flowing flowing

Can't forget can't delete

Deep down my bones

Black page flow

Black page flow

Can't forget can't delete

Deep down my bones

Black page flow

Black page flow

The page is black no spaces among names

The page is mine as mine is rage

Pitch black page as deep down send

Under my skin

Blackpage pulse in me

Blackpage pulse in me

Deep down my bones

Flowing flowing flowing flowing
