

# Black Eyed Peas, Don't Bring Me Down

Ah-ah-aah-ah  
Ah-ah-aah-ah (x4)  
Hey, watz up  
We back up in the cut  
Beat it up into submission  
We don't need no permission  
Black Eyed Peas tha coalition  
Everybody go and listen  
We're going on a mission  
Giving you what you've been missing  
So scream, and shout,  
You gotta let it out  
The energy will never die  
I can see it in a crowd  
Get your engine up,  
Get your engine up  
And wave your hands high  
Like your tryin' touch a sky  
But,  
Don't bring me down (Just pick me up)  
Don't bring me down (Just pick me up-up)  
Don't bring me down (Just pick me up)  
Don't bring me down  
Ah-ah-aah-ah  
Ah-ah-aah-ah (x4)  
Hey, hot dam,  
We back up in the jam  
Gotta drop it like slam  
We rock it cause we can  
Lets scream (Lets scream),  
And shout (And shout)  
Lets turn us of the out  
Yeh, we burning down the house  
Don't know what we all about  
Yeh  
The energetic  
Soul magnetic  
Gravitates  
My poetic  
You connect  
Cause I'm connetic  
This is real  
It ain't cosmetic  
We are feeling  
Not synthetic  
When I sin,  
Did you walk in it?  
It's so slim  
It can't forget it  
I know you loving the sound  
Don't bring me down (Just pick me up)  
Don't bring me down (Just pick me up-up)  
Don't bring me down (Just pick me up)  
Don't bring me down  
Ah-ah-aah-ah  
Ah-ah-aah-ah (x4)  
Don't let me, don't let me figure  
Go home and bring me down  
Feel the escalator  
Move up to higher ground [x5]  
Don't let the elevator bring you down (x3)
