

# Black Flag, Clocked In

i tried to apply  
i can't get loose  
my day is to myself  
put my brain in a noose

[chorus]  
buzzer sounds, gotta move  
feet move, legs move, hands move, brain moves...  
real slow

i gotta' be on time  
just to collect my reward  
i gotta stand in line  
makes me feel so fucking bored

'boss barks orders at me  
but i can't yell back  
'cause whenever i try....  
get that son of a bitch off my back

[bridge]  
i have this problem every morning,  
i gotta' face the clock;  
punch in, punch out, it makes me so pissed off  
one of these days i'm gonna smash it off the wall!  
go home!
