

# Black Flag, No Values

I don't care what you think  
I don't care what you say  
I've got nothing to give you  
Why don't you just go away  
I've got no values  
Nothing to say  
I've got no values  
Might as well blow you away  
You're just a hole in the corner  
Always loaded to the hilt  
I could try some satisfaction  
I could destroy everything you build I've got no values  
Nothing to say I've got no values  
Might as well blow you away  
Don't you try classification  
When you know it won't work  
What if I try some annihilation  
Throw your face in the dirt I've got no values  
Nothing to say  
I've got no values  
Might as well blow you away  
Don't you try pretendin'  
Telling me it's all right I might start destroyin'  
Everything in my sight!  
No values  
No values  
No values.
