

Black Heaven, Agony

I feel the pain of loneliness
at the base of consciousness
I wanna taste your golden flesh
There's nothing that I want to say
oh love me now, love me today
you lead my hand between your legs

Oh agony, my agony ...

I'm living in a violent dream
where nothing is for what it seems
slowly I stroke your naked skin
oh could I live a second life,
I say with tears in my eyes :
"there's no forgiveness for my sins"
