

# Black Label Society, Battering Ram

Through your fear I am reborn  
A hand of grief can't be ignored

You know my name  
Yeah, you know who I am  
Frustrated turmoil  
Again and Again  
I am the spike which  
Drives through your hands  
I am eternal  
(Battering Ram!)

I killed myself to see you die  
As you suffer tears of joy come to my eye

You know my name  
Yeah, you know who I am  
Frustrated turmoil  
Again and Again  
I am the spike which  
Drives through your hands  
I am eternal  
the battering ram

You know my name  
Yeah, you know who I am  
Frustrated turmoil  
Again and Again  
I am the spike which  
Drives through your hands  
I am eternal  
(Battering Ram!)

You know my name  
Yeah, you know who I am  
Frustrated turmoil  
Again and Again  
I am the spike which  
Drives through your hands  
I am eternal  
the battering ram!

You know my name  
Yeah, you know who I am  
Frustrated turmoil  
Again and Again  
I am the spike which  
Drives through your hands  
I am eternal
