I'm waiting for you to say
The words to make me stay
As you're walking out the door
My heart steps on the floor
I never dreamed it'd be
Make me feel so free
Waiting for you to say
The words to make me stay
As you're walking out the door
My heart steps on the floor
I never dreamed it'd be
Make me feel so free

Sure feels like love again
Sure feels like love again
I wanna feel again
Sure feels like love again

Waiting for you to say
The words to make me stay
Standing here alone
I should have never shown
I never should have dreamed
The feelings that are free

Sure feels like love again
I wanna feel again
I wanna feel love again
Sure feels like love again

I'm waiting for you to say
The words to let me stay
Standing here alone
I never should have shown
I never was the one
To leave it so undone

Sure feels like love again
I wanna feel again
Sure feels like love again
I wanna feel
