

# Black Rebel Motorcycle Club, Heart And Soul

I walk without you but I need to believe  
I've got my own eyes now and I you to see  
There's no discretion in my voice and you need to stand clear  
I've been falling out of time but I want you to hear

I don't think you care to know but you've taken out my heart and soul

They'll never break you but you keep it coming  
I've got my own crimes now and I won't let you in  
You can't appreciate it and I need to feel whole  
I've gotta find a place to hide where I know you won't go

Cause I don't think you care to know but you've taken out my heart and soul  
Now I don't think you care to know but I gave my life to be your whore

I think your moments come and if you feel this love you could save me  
I fear my selfishness will be the end of this if you don't save me

I've never told you but I feel I must know  
I've buried half my life in the same place you soared  
I couldn't resurrect it I feel my arms break  
I've got a long way left to go and you shown me no grace

Cause I don't think you care to know but you've taken out my heart and soul  
And I don't you care to doubt it but I don't mind cause I've got time

I'd get on my knees if I could beg you to see you could save me  
I fear my selfishness will be the end of this if you don't save me  
Save me  
Save me  
Save me  
(Repeat until end)
