

# Black Sabbath, Born To Lose

I'll play your game  
But if you lose you're gonna have to pay the price  
Broken chains, like a prisoner free at last  
The fear inside just up and died  
Time will tell if i am wrong

It won't be too long  
You think I'm chasing shadows In the dark  
Well I'm not born to lose  
I'm not born to lose

You curse my name, as you turn and walk away, from view  
It won't be too long  
You don't scare me cos you're  
Hard to see and it's time  
That you were gone  
It won't be too long

You think I'm chasing shadows In the dark  
Well I'm not born to lose

You think I'm chasing shadows In the dark  
What you gonna do about it now  
What you gonna do about it now

It won't be too long  
It won't be too long  
It won't be too long

You think I'm chasing shadows In the dark  
What you gonna do about it now  
What you gonna do about it now

Ain't nothing I can do about it now
