

# Black Sabbath, Disturbing The Priest

Let's try getting to the sky, hang on or you're going to die  
Sour life can turn sweet, it's laying at your feet  
Sweet child with an innocent smile watches closely all the while  
Don't be fooled when he cries, keep looking at the eyes

Good life is contradiction because of the crucifixion  
If you're ready and have the need, I will take your soul and plant my seed

You just gotta listen to the night at the ending of the day  
You just gotta listen to the night as safety slips away  
Moving out of sight are the things you need to see to feel  
And as they slip away becoming so unreal unreal  
You just gotta listen to the night as you're going up the stairs  
You just gotta listen to the night and don't forget to say your prayers  
And as you lose control to the eyes in dark disguise  
And icy fingers send electric lies

We're disturbing the priest, won't you please come to our feast  
Do we mind disturbing the priest, not at all, not at all, not in the least  
Ahhhh, Do we mind disturbing the priest  
Aahhhh, not at all, not at all, not in the least

The force of the devil is the darkness the priest has to face  
The force of the night will destroy him but will not disgrace  
To get into his mind and to his soul you gotta set alight  
The flames of doubt so deep inside inside  
The devil and the priest can't exist if one goes away  
It's just like the battle of the sun and the moon and night and day  
The force of the devil, that's we're all told to fear  
Watch out for religion when he gets too near too near

We're disturbing the priest, won't you please come to our feast  
Do we mind disturbing the priest, not at all, not at all, not in the least

Good life is contradiction because of the crucifixion  
If you're ready and have the need, I will take your soul and plant my seed

Aahhhh, ahhhh, ah ha ha ha haaa!

Let's try getting to the sky, hang on or you're going to die  
Sour life can turn sweet, it's laying at your feet  
Sweet child with an innocent smile watches closely all the while  
Don't be fooled when he cries, keep looking at the eyes  
Oh, disturbing the priest!
