## Black Sabbath, It's Alright

Told you once about your friends and neighbours They were always seeking but they'll never find it It's alright, yes it's alright

Where to go and where to see It's always been this way and it can never be It's alright, yes it's alright

Give it all and ask no return And very soon you'll see and you'll begin to learn That's it's alright, yes it's alright

Don't you know that it's so good for you You can be making love and see it all go through But it's alright, yes it's alright
