

# Black Sabbath, Voodoo

Say you don't know me, you'll burn  
You can refuse, but you'll lose, it's by me  
Say you don't want me, you'll learn  
Nothin' you do will be new, 'cause I'm through

Call me a liar, you knew  
You were a fool, but that's cool, it's all right  
Call me the Devil, it's true  
Some can't accept but I crept inside you

So if a stranger calls you  
Don't let him whisper his name  
'Cause it's Voodoo, oh!

Fade into shadow, you'll burn  
Your fortune is free, I can see it's no good  
Never look back, never turn  
It's a question of time 'till your mine and you learn

So if a stranger sees you  
Don't look in his eyes  
'Cause he's Voodoo!

Say you don't know me, you'll burn  
You can refuse, but you'll lose, it's by me  
Say you don't want me, you'll learn  
Nothin' you do will be new, 'cause I'm through

Voodoo!

Bring me your children, they'll burn!  
Never look back, never turn!  
Cry me a river, you'll learn Voodoo!!
