Blackalicious, Aural Pleasure

In amidst, of the deep blue abyss, without your love found chance Energy surround, enhance spirit now Aural Pleasure In amidst your souls across ropes checking where your mind sun shines Energy surround your head spinning now aural pleasure

They call me Gab and I rap And I do my thing and swing it bring it In my hab-i-tat Where my vocals stinging even linger In the back of your neck Where you feel the tingle lingle ling You will adapt to your snapping your thumb and finger eagerly Now since we have to achieve We must believe believe believe Into a certain degree Just like the wheat you need to feed you Man this circus won't cease It just eats and eats and eats Until we serving these beats In addition to serving MCs 'Till they go berserk and then freeze Any day of the week I speak through speakers You can burn with this heat MCs you freeze to see (the reasons)? Take your circuits and free ya up From the he's and she's and needs Emotion surface to be Having your search through the abyss Aural Pleasure y'all

In amidst, of the deep blue abyss, without your love found chance Energy surround, enhance spirit now Aural Pleasure In amidst your souls across ropes checking where your mind sun shines Energy surround your head spinning now aural pleasure

Check it out

On the corner of jail, but not a dealer of death Realer, iller, conceal a feeling, sealing there's nothing left On the top, on its penicillin, you got wish It's a oracle, then it seize ya, I'm sure you got lifted Oceans of rhythm inside a killer go ta death Coming divine as I reach and travel in the depths Moving your spirit just like you're walking through a 'X' Choice of the generation, that come and be the peps Bubbling all in your cups, don't even follow it up Nothing to wallow in but the sound that you're gobbling up Rocking in time until your popping your mommy up Calling your Aunt, and also your pa, and the swallow the funk It's just a little something that open your comatose Stay to living in Babylon, with the spiritually dead ghost This is recommended, I highly advise a toast Hopefully it inspires and maybe encourages growth Aural Pleasure y'all [x5]

In amidst, of the deep blue abyss, without your love found chance Energy surround, enhance spirit now Aural Pleasure In amidst your souls across ropes checking where your mind sun shines Energy surround your head spinning now aural pleasure

Watch out Blazing Arrow

Test 'til it's scarred
Press through the storm
Find who we are, with true desire

For no human being Quest for your dreams By any means, endure the fire

PURE

Test and trial

An error destined to endure

Infallible unyielding to the adversary's law

'Cause I graft for the after me

Syntax in a masterpiece burner

Unless your flame's life surpasses eternal

You couldn't swing it if you had a pendulum strapped to your sternum

I am the sun

One with the son of man righteousness

Won't be defeated by the underhand faceless

Hands in the presence of greatness

I'll teach you how to backstroke

With cinder block bracelets

Dark paddling kicking in the quick sand no aces

Constance under pressure

Test how true your faith is FAITH

You wanna see my face, connect the stars

Passion birth right RAW□

Hide electric Gibson guitars

Spark cohibra cigars

African Tsars

From the call

Think fast like Ramadan

I'm beyond the book of Ramah ad

Nigeria Phenomenon

A bbo

Dot to dot

I am the might of common law

Kum Bay ya

Chronicle

Got the run of flow

Jungles beside a hole

Songs that a side atold Geronimo platoon

Undergrounds a phat

I tousle now swallow slow

Let my fire killer higher

Hell a soul

Floss you with barbwire coils

Anoints with Allah bills

Cause royal karma's close

And can't wait (And can't wait)

God's be ghost

Waving a burning spear

I am Faith I am Faith I am Faith
