Miscellaneous  
4000 Miles

But then I looked and all that I was searchin for was present  
The final destination used to be my main question  
But then I looked and all that I was searchin for was present

And now I'm out and out on and on the road we play  
Soundin off like an army ho replay  
Talkin bout walkin miles of roads he paved  
Travel out droppin bombs with no delay

[Overlaps with chorus]

And now I'm out and out on and on the road we play  
Soundin off like an army ho replay  
Talkin bout walkin miles of roads he paved  
Travel out droppin bombs with no delay

[Chorus]

Music, deliver from within and it covers up everything  
Music, when the melody and rythm get the moving an unity  
Movin, one god one love one whole community  
Do it, keep travelin on keep travelin on

[Latyrx]

Now see we rock around the clock we dont stop for nothin  
Gonna take it to the top - non stop - no frontin  
People listen when it drops cause it speaks to something  
In they souls when they all alone spacing in the zone  
Or walking they block - talking to they homey at the shop  
See the point is this - even if the homey got shot  
Then there still be the bump knockin in your trunk  
Get ya out your slump rockin it straight off the top  
I'm cockin it like ingredients thrown hap-hazardly inside a crockpot  
With a magic sock schnapps a big ass book and some vodka  
And pass it my way cause I'm a real big talker  
And i love new experiences I'm the godfather of gettin into to trouble  
On the road undercover shit - take your whole crowd if you leave em uncovered  
And i believe even hammer would say my shits proper work  
Not to put a damper on the underground answer shit  
You dealin wit motherfuckers not underground anthem thugs  
Rock from the west coast damn near the athens and you still hate a whack song  
As much as the next man and still in love with the good one  
We interact with listners this is our contribution on the war against  
The whiteness is likeness a constitution of fatness  
Blackalicious Jurassic more Latyrical madness  
Your mind is captured with tactics to get you back to the fatness  
And you still want to battle just how long does this last?  
We have the fashion to classic the pure love satisfaction  
Is when the magic is captured live-action aint tangible with

[Chorus]

Music, deliver from within and it covers up everything  
Music, when the melody and rythm get the moving an unity  
Movin, one god one love one whole community  
Do it, keep travelin on keep travelin on
