

# Blackfield, Miss U

They said you're in love again  
and I tried to hide my pain  
I was buried in my bed.  
with your pictures in my head

You were living another life  
it cuts me like a knife.  
I hope you understand  
I'm the one who's left behind

Tomorrow you'll be gone  
and I'll miss you.  
Yeah I'll miss you.  
Yeah I'll miss you.

They said you're in love again  
and my eyes start to burn  
Wherever you are now  
I wish you could hear my silent sigh

It's not that I try to blame  
it's just kind of a rainy day  
I hope you understand  
I'm the one who's left behind.
