

# Blackfoot, Road Fever (Live)

Oh hit it  
Well every time I'm down and out  
And I don't know what to do  
I drop my load and I hit the road  
And play me a job or two  
Yes I do

What they're sayin' keeps hitting me  
Right square smack in the face  
They say that my songs are no good, baby  
Why don't you join the human race  
You know I've had just all I can take  
And I don't know what to do  
Guess I'll have to hit the stage  
Play me a song or two

You know I've had all I can take  
Sitting here at home  
I guess I'll have to hit the road  
You know I love to roam

Road fever, oh don't you know I got  
Road fever

You know this life has taken its toll  
And I don't know where to go  
And I love this life of rock and roll  
But there's one thing that I know  
And every time I'm down and out  
And I don't know what to do  
I drop my load and I hit the road  
And play me a song or two  
Yes I do

You know I've had all I can take  
Sitting here at home  
I guess I'll have to hit the road  
You know I love to roam  
Road fever, oh don't you know I got  
Road fever
