

# Blackhawk, I Sure Can Smell The Rain

She hasn't done a thing that really has to mean she's going anywhere  
I haven't seen it showing in her eyes  
But I swear it must be there  
I don't know why I feel it so strong  
But I feel it just the same

I can't see a single storm cloud in the sky  
But I sure can smell the rain

She'd still say I love you if I asked  
But she'd never fall in tears  
Somehow what she never says means more than all the other words I hear  
Still she should when I ask her if she's lying  
When she says that nothings changed

I can't see a single storm cloud in the sky  
But I sure can smell the rain

Everyday I brace myself  
To hear the words I'm scared she's gonna say  
And every night I thank the Lord  
Somehow I dodge the bullet one more day

Sometime there are things a man just knows  
That he really can't explain

I can't see a single storm cloud in the sky  
But I sure can smell the rain (x2)
