

Blackhawk, One Love

(Henry Paul/Dave Robbins/Billy Montana)

We are
Just children in his hands
Two in a million
Precious grains of sand
We sift through his fingers
Dancing on the wind
We find each other

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one sky
One God up above
One you, one me
One love

A star
Made a wish on us tonight
Hanging out in heaven
Inspired by our light
'Cause He knows
How it feels
To shine upon the world
And last forever

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one sky
One God up above
One you, one me
One love

--- Instrumental ---

Just two in a million
Precious grains of sand
We found each other
Together
Yeah, yeah, yeah, yeah, yeah

One you, one me
One chance for us to live
One heart, one soul
One life for us to give
One dream, one sky
One God up above
One you, one me
One Love
Yeah, yeah, yeah
One love
Yeah, yeah, yeah
One love
One me
One Love
Yeah, yeah, yeah...
