

Blackjack, Outta Here

You find living easy, on a free ride
Make plans for tomorrow,
You've got friends by your side
So easy you smile, no worries my friend
No thoughts for the danger, no sign of the end
You find living easy,
You think tomorrows the same
I found out the hard way,
I saw the hurt and the pain
You say see you tomorrow,
You think I'll be the same
I know life's only borrowed,
There is no one to blame
To let...One Step Sunset
Regret....Never forget
One Step Sunset
Precious moments together,
Say things you meant to say
Tomorrow's not always ours
All we may have is today
Shed a tear for disaster,
Cry for our yesterdays
Sweet dawn tomorrows sunrise
Remember friends we can't replace
To let...One Step Sunset
Regret....Never forget
One Step Sunset
