

Blackpool Lights, Lost Without You

I stay in line most of the time
You bring me back to Earth
If I'm out late, now that's my mistake
What is it really worth
We've worked hard to get where we are
You always have time to give
You've sacrificed most of your live
Now I know it is your time to live

You'd like to say I don't have a clue
I think I'd be lost without you
You seem to change my point of view
I think I'd be lost without you

I won't get far, stay who you are
I need help to get around
I'll do what you say, just lead the way
Nothing's gonna bring us down
The people laugh, I get off track
It comes back to us
You always said, "To get ahead
You gotta leave them all in the dust"

Chorus
...and there is nothing that I wouldn't do

You leave me wanting more of these good times
Why do I bother, you know I'm never right
I'll make it up tonight

Just say you'll stay with me, with me....

Chorus
...And all this praise is long overdue
I think I'd be lost without you
There is nothing that I wouldn't do
I think I'd be lost without you
I'd be lost without you
