

Blackstreet, Happy Home

You say you want diamonds
You say you want pearls
Big car, Big House, You wanna be served
But tell me lady
just what can you give
cause it its not just material thangs babe
for which i live
will you cook
will you clean
are you willing to work
capture a dream
but above all
i wanna know yeah
baby can you make me a happy home
chorus
make me a happy home
i can can come running to (can you do that for me baby)
make me a happy home
i can come running to 3x
you want me faithful
you want my time
you want all my good lovin baby
and to keep myself fine
but girl will you love me
through thick and through thin
its no doubt we can make it baby
if your willing to win
will you cook
will you clean
are you willing to work
capture a dream
but above all
i wanna know yeah
baby can you make me a happy home
chorus
breakdown
Teddy play it for me
