

Blake Shelton, "Good Old Boy, Bad Old Boyfriend"

Baby, baby, baby
He's got you cryin' again
Baby, baby, baby
He's got you cryin' again
He's a good old boy
But he's a bad old boyfriend
I know that he loves you
Looks like he'd show it now and then
I know that he loves you
Looks like he'd show it now and then
He's a good old boy
But he's a bad old boyfriend
He kicks off his shoes, throws down his coat
Opens a beer and grabs the remote
You're never heard and you're seldom seen
A joker don't deserve a queen
Baby, baby, baby
Why don't you just
Get rid of him?
Tell him to go

He's a good old boy
But he's a bad old boyfriend
That's right
He makes you cry, I'll make you laugh
He rubs you wrong, I'll rub you back
You're never heard and you're seldom seen
A joker don't deserve a queen
Baby, baby, baby
Why don't you just
Get rid of him?
Bye Bubba
He's a good old boy
But he's a bad old boyfriend
He's a good old boy
But he's a bad old boyfriend
Good old boy
Bad old boyfriend
