

Blanks 77, Next Generation

There's a place not far away
where we can go to get away
there's no rules and there's no laws
there's no fighting you can't go wrong

[Chorus:]
cuz we're the next generation
destroy your generation.
Help me up when i'm down and out
hear me scream and hear me shout
time to blow their generation away
let 'em that we're here and we're here to stay

[Chorus]
my freedom's been takin' away
don't wanna hear what i gotta say
lock me up and throw away the key
is my destiny.
