

Blanks 77, Up the System

Go to school waste of time
end up workin 9 to 5
persecuted all your life
cuz your collars blue not white

[Chorus:]
UP THE SYSTEM
my lifes no joke
FUCK THE SYSTEM
our only hope

Its not our fault for bein this way
its just the politicians way
separation of church and state
turn around & face the hate

system it wont ever change
everything it stays the same
I wont work until I die
I wont work until I die
