

# Blasphemy, Blasphemous Attack

Chiming of three bellscall

hear my cries for Satan I live in sin War I ride

Oh lord hear my bestial cries

Sacrificing of the lamb Son of Satan born of damned

Drink the vomit from the priest

Seven crowns of Hell prevail

(chorus); Hail now, Black moon rise

Colding vengeance, Devotion rise

Hailing to all evil desires Pray now for destruction and hate Satan now rising in fires Torment by all

Hooded demons in black Chanting around the fires

Now the time has changed to light the candles

(chorus)
