Blaxy girls, If You Feel My Love

If you wanna lie to me
If you'll ever see yourself
Don't come back and cry for me
'Cause you've gone too far
If you wanna lie to me
If you'll ever see yourself
Don't come back and cry for me
'Cause you've gone too far
If you feel my love
Can hear my thoughts?
Can you feel everything?
If you hear my thoughts
Can you feed my soul?
Can you save it too?
Not the one that I need
To stay high on my feet
Don't need you to succeed
Can you feel this hate that runs to you
Can you feel it too?
If you wanna lie to me
You must change the file
Play your games be with your jerks
It will be just fine
If you'll ever see yourself
Just the way you are
Don't come back and cry for me
'Cause you've gone too far
[x2]
If you wanna be with me
If you wanna be with me
If you wanna be with me
Baby
You must be the way I want
You must be the way I want
You must be the way I want
Baby
[x2]
If you wanna lie to me
If you'll ever see yourself
'Cause you've gone too far
If you wanna lie to me
If you'll ever see yourself
'Cause you've gone too far
Don't come back and cry for me
If you feel my love
Can hear my thoughts?
Can you feel everything?
And if you hear my thoughts
Can you feed my soul?
Can you save it too?
Not the one that I need
To stay high on my feet
Don't need you to succeed
Can you feel this hate that runs to you
Can you feel it too?
