

Blaze Bayley, Leap Of Faith

Sometimes in life you just have to take chances
To get where you think you should be
And don't be afraid to lose sight of the shore
And reach out just because you believe
Take your first step into the unknown
It's your first chance to face the unknown
Take a leap of faith
A leap of faith
A leap of faith
Take a leap of faith
A leap of faith
A leap of faith
You can have what you want if you find answers
Answers are all that they need
Prove to yourself that you are so much stronger
Than you thought you'd ever be
You will have the whole world at your feet
At last it all will be within your reach
Take a leap of faith
A leap of faith
A leap of faith
Take a leap of faith
A leap of faith
A leap of faith
Finding the courage of your own convictions
It's now time that you spread your wings
Soar like an eagle a life without fear
God will forgive you your sins
Take your first step into the unknown
It is your first chance to face the unknown
Take a leap of faith
A leap of faith
A leap of faith
Take a leap of faith
A leap of faith
A leap of faith
A leap of faith
Take a leap of faith
A leap of faith
Take a leap of faith
