

Bleach, Reasons

Is this not what you wanted
Or is this gonna be
Something that was started when I was only three
Just a small boy singing, sitting on the couch spinning
Records going round and round, records going round and

[CHORUS]:
Reasons calling hes been calling me
He wont ever, He wont go away

I didnt seem to notice, that you were right behind me
Even when Im not aware of, you pick me up and get me started
Dressing up for the part of a picture that my mom is hoping
That the film will turn out right, That the film will turn out

[CHORUS]

I want to thank you, for all youve done and will do
I was on the inside, stuck on myself
Opinions, that's all that mattered to me
Well that conversation's ending
God is just beginning
God is just

Reasons calling hes been calling me
He wont ever, He wont go away
He'll never go away

And He will get you through it
I hope you find the time
Were not about to lose it
I hope youre feeling fine
