Move! Like a girl, fluttering
leave your body to the burst of sensations
Fly! Kick the ball to the mirror shake your hips
Stop that bored smile

Look down, glance down, close your mouth
kill the body, throw out saliva, come on in.

I want to dance with you,
to fulfill my impossible dreams
I want to dance with you
Rain pours, let's cut our hands, let's scream!

I watch the canarian sky
I know you can't fly, what are you thinking?
Move! Rocking like a girl
Release your overload of desire

Recomendation, stamp your feet, jump high
and drive away your beloved burdens
in the shaking moon in the water
