

Bleak, Onelastbreath

i see it in your eyes
and i don't think that i...
can free it, it's fading
so far now... and i feel fine
fine, i feel fine, fine, i feel fine
one last breath, one last day
i don't know what to say
i feel it, it's fading
and you're gone... and i feel fine...
i see it in the sky
the rain pours down on my...
fading heart, one last breath
it's over... and i feel fine...
the day has come
it's over
over
