

Blessid Union of Souls, I Wanna Be There

Won't you let me catch your fall?
Won't you let me lend a hand?
Those lonely eyes have seen it all.
But love's too blind to understand.

Cause you don't know what you have
Til your everything is gone.
You need someone to show you
How to live again.

I wanna be there when you're feeling high.
I wanna be there when you wanna die.
I'm gonna light your fire, I'm gonna feel your flame.
I wanna be there when you go insane.
I wanna be there when you're feeling down.
And I'll be there when your head is spinnin 'round.
Gonna be your lover, gonna be your friend.
I wanna be there til the end.

You wouldn't know that I was there
Cause I have been there all the time.
And if I had my way I'd hold you in my arms
And leave this madness all behind.

Cause you got so much to give,
But you throw it all away.
And all you've got to show for
Who you are is pain.

And I've got so much to give,
If you'd only let me in.
I'm gonna take the time
To show you I'm a friend.
You'll believe in love again.

I wanna be there in the pouring rain.
I wanna be there when you call my name.
Gonna light your fire, I'm gonna feel your flame.
I wanna be there when you go insane.
I wanna be there when I'm outta town.
And when your whole damn world is crashing down.
I'm gonna be your lover, gonna be your friend.
I'm gonna be there til the end.

Cause you don't know what you have
Til your everything is gone.
You need someone to show you
How to live again.

And I've got so much to give,
If you'd only let me in.
I'm gonna take the time
To show you I'm a friend.
You'll believe again.

I wanna be there when your baby cries.
I wanna be there when they tell you lies.
I'm gonna light your fire, gonna feel your flame.
I wanna be there when you go insane.
I wanna be there when your nights are long.
And when you're feeling like you don't belong.
Gonna be your lover, gonna be your friend.
Gonna be there til the end.

I'm gonna be there in the morning.
I'm gonna be there in the night.
I'm gonna be your lover, gonna be your friend.
I'm gonna be there til the end, yeah.
