

Blindspott, Suffocate

I dislike your cool
And I dont think much of you (I don't think much of you)

Its all that I want
Its all i that fucken want is
To watch hate suffocate
Watch hate suffocate
Watch hate

I love the stain of fear (fear on your face)
I love the scent of your (scent of your disgrace)

You know that Im right (right)
You know that I fucken want to (watch hate)
Watch hate suffocate (right)
Watch hate suffocate (watch hate)
Watch hate

Down here, it echoes with fear
It takes away, everything that remains
And still, you won't change

I, I.....
Watch hate
You know that Im right (right)
You know that I fucken watch hate (watch hate)
Watch hate suffocate (suffocate)
Watch hate suffocate (suffocate)
Watch hate
