

# Blink-182, I Miss Her So

(Intro)

I guess it's only the men  
Who get f\*\*ked now and again  
We take our chicks to the mall  
We wait at parking stalls  
And when we come home too late  
She's pissed that she had to wait  
And my excuse not to call  
It never worked at all

(Chorus)

Time to wake up  
Where's your daughter?  
Hurts to break up  
She was stronger  
All my friends say  
Please don't love her  
What did I gain?  
Now I miss her so

(Verse)

I used to hate the lipstick  
It stained and tasted so sick  
The panty hose and the bras  
She threw on my guitars  
Shit f\*\*k I made a mistake  
I thought I needed a break  
The truth is I'm such a dick  
It's broke and can't be fixed

(Chorus)

Time to wake up  
Where's your daughter?  
Hurts to break up  
She was stronger  
All my friends say  
Please don't love her  
What did I gain?  
Now I miss her so

(Bridge)

If you want to call it a heartache (a hearthache)  
Then I should regret those things  
I miss her  
If you want the pain to go away (to go away)  
Better suck up your pride admit  
You lost her let her go (let her go)  
Move on (move on) let her go (let her go)  
Move on (move on) let her go

(Chorus)

Time to wake up  
Where's your daughter?  
Hurts to break up  
She was stronger  
All my friends say  
Please don't love her  
What did I gain?  
Now i miss her so

(Outro)

Move on (move on) let her go (let her go)  
Move on (move on) let her go (let her go)  
Move on (move on) let her go (let her go)

Move on (move on) let her go
