

Bliss 66, Vertigo

Dreamy eyed, you wake me in the morning time
I see the light shining from your face
Speak your mind, honesty is hard to find
I'm going blind waiting for your grace to appear
And now there's not anything that I fear
But I can't see so clearly

Now I can't say what I feel
But I know this is real
When you leave it's like vertigo
Now I can't say what I feel
But I know this is real
When you leave it's like vertigo

Eventide, everything not quite in line
A drink of wine and I should be alright
Moonshine, take me to the other side
I see the light shining from your face
I'm alive
And now there's not anything that I fear
But I can't see so clearly

Now I can't say what I feel
But I know this is real
When you leave it's like vertigo
Now I can't say what I feel
But I know this is real
When you leave it's like vertigo

The night is the only salvation I know
And the moon is a liar
But these dreams are all that I want
You're all that I need
To make them complete...my slumber so sweet

Now I can't say what I feel
But I know this is real
When you leave it's like vertigo
Now I can't say what I feel
But I know this is real
When you leave it's like vertigo, vertigo

The sun slides over my head
But I'm chained to the bed
When you breathe it's like vertigo
