

# Blitzkid, Long Dark Hallway

A noose of perfume lurking form behind  
Replaying memories running on rewind  
The circling of murder on the floor  
Burns into the walls, sneaks neath' the door.

Long Dark Hallway!

Your angel hair rips razors through my face  
With my unwelcome footsteps in this place  
One year ago i left you here to DIE  
Hallways dont soon forget innocent cries.

Long Dark Hallaway.

Hallway.....  
Your way...
