Bloc Party, Version 2.0

Harder, faster, better, stronger
Replace the broken
Replace the bland

Skinheads, rude boys, goths and ravers
Search for truth in a false world

This world is vast
This world is crowded
Give us our voice
Give us our corner
This world is vast
This world is crowded
Give us our voice
Give us our

Remix, relaunch, matrix,
Nothing is or was ever really complete
Dye my hair and tattoo my skin

This world is vast...

This world is vast...
