So you gotta wait already

(sey what u goin baby)

(sey what u goin maybe)

Whats is gonna take til' u realise

(sey what u goin baby)

(sey what u goin maybe)

So you gotta wait already

before we're goin steady

unless u wanna lose in everything

(everything)

If u cant wait already

I'm lovin anybody

Im counting on u baby 1234

I STILL DON'T KNOW YA

(aha aha ... What?)

I STILL DON'T KNOW YA

(aha aha...)

Oh oh oh oh oh-oh

Come on !

I saw a stranger yesterday

But too many times they come and go

Leavin a mark on my one and only soul

Is it because this world is so very cold

I hope it all fades away

so much faith is good in these here days

And like I said it is true

My one regret id that u

took ur chances and blew

All ur trust through and trough

Pure...Love...Will just rationalize

Have opened ur eyes

No more couldy skies

What u gonna do when they pass by

(sey what u goin baby)

(sey what u goin maybe)

What u gonna do when they pass u by

(sey what u goin baby)

(sey what u goin maybe)

So if u wait already

We will be goin steady

U know that u can make it anytime

(anytime)

So If u just wait a while

We'll see the summer smile

I'm counting every mile 1234

I STILL DON'T KNOW YA

(aha aha ... What?)

I STILL DON'T KNOW YA
(aha aha).
Oh oh oh oh oh-oh
