

Blondie, Happy Dog

I'm like a happy dog who's been alone too long.
I wanna wag for you baby.

Raise a flag of wag.
Shake and shag.
I wanna wag for you baby.

Come on now throw me some bone.
I'm ripping up your song.
I wanna be your dog.
Skinny or fat, I'm gonna go with that and chase your pussycat.

Be my happy dog, my leaping frog and jump all over me.
'cause my little mutt's got that hairy butt.
He's gonna wag it for me baby.

Hey come over here mr. licks.
I like when you pick up sticks.
When you throw me a fit.
And no matter what you tell the tale of a pup 'cause you're my kind of mutt.

I disagree.
I wanna itch you like a flea.
Gonna teach my old dog to do some new tricks.
Mmm hmm.

Don't be begging me, just take a seat on my lap of luxury.
'cause I'm a happy dog who's been alone too long.
I wanna wag for you baby.

Come on now throw me some bone.
I'm ripping up your song.
I wanna be your dog.
Skinny or fat, I wanna go with that and chase your pussycat.

I wanna wag for you baby.
I wanna wag for you.
I wanna wag for you baby.
I wanna wag for you.
