

# Bloodbath, Drink From The Cup Of Heresy

Drink from the cup of heresy  
feel the enchanting powers  
Dismantle the government of lies  
stand up against the ultimate sinner

Our lord is vapor  
in the corner of the eyes of fools  
Disrupting a worthless rat race  
ticking towards their demise

False wretched kings aside  
you are nothing  
Upon the cross hangs your eternal lie  
in blasphemy you're nothing

Drink from the cup of heresy  
take control of your soul  
Fight the enslaver  
dismiss the web of lies  
The fear in your heart is false

Drink from the cup of heresy  
spit your confession back with pride  
Break the rusted shackles of control  
never accepted feeble rules

Controlling me with a fairytale  
vast thousands of misleading translations  
Confusing the minds of the weak  
but not me

In blasphemy you're nothing
