Ouch it won't reach my mouth  
If I could do it myself I'd probably never leave the house  
But I can't so here's where you come in  
Giving it "Diffrent Strokes" just like Arnold Drummond  
Hummin' hmm hmm good like Campbell's  
And you'll handle the sack like the quarterback Randall  
Cunningham like Joanie loves Chachi  
They call him Ralph Mouth 'cause he's down on Patsie  
Rocky chasing the chicken  
Watch the plot thicken with the cock when your lickin'  
Me like Apollo your Creed my Mission  
You go down for the count I countdown ignition  
Blast off you're a rocket scientist  
A genius what I mean is you suck at this  
So escargot 'cause my snail needs Frenchin'  
You must be five stars cause my staff's at full attention

Dinner for one I know you got your reservations  
Starvation like a Third World Nation  
So do it for the children and I'll make a donation  
My fly's in your eyes let me rise to the occasion  
In my Underoos I tend to be brief  
So when you're sinking your teeth deep into my beef  
You can fondle but it's kind of like McDonald's realize it's  
Just a Happy Meal so you can't Super Size it  
Told to hold the pickle then you went and blew it  
Gherkin off and the Special Sauce comes included  
But you knew it did so concentrate like Tropicana  
To eat a Chiquita you need to grow the banana  
So can ya Bob like Dylan on my Peter like Criss  
'Til it's Chubby like Checker c'mon baby do the twist  
It's all in the wrist like table tennis  
So beat me like Betty Crocker cake mix

Yummy down on this throbbing pole of hot man chicken.  
And feel free to wiggledunk those purple bulldog cheeks.
