

Blossom Dearie, (I'm) in Love Again

I'm in love again
And the feeling's not new
Yes, I know the signs
And I know what to do
It's a highway
That I have traveled through before
So I know all the curves
And I've come back for more
I'm alive again
I can wake up and sing
Nothing bores me now
I enjoy everything
Here I go again
The way that I always do
