

# Blossom Dearie, (I'm) in Love Again

I'm in love again  
And the feeling's not new  
Yes, I know the signs  
And I know what to do  
It's a highway  
That I have traveled through before  
So I know all the curves  
And I've come back for more  
I'm alive again  
I can wake up and sing  
Nothing bores me now  
I enjoy everything  
Here I go again  
The way that I always do
