

Blue Cafe, Cat

I don't want to let you wake up my cat
Cause I love it when he lies on his back
I don't want to let you wake up my cat
/2x

My mix, my track
Don't you know my soul is black?
My mix, my track
Always black just like my cat

My mix, my track
Don't you know my soul is black?
My mix, my track
So damn black just like my cat

I don't want to let you play with my cat,
It's because he may have a heart attack,
I don't want to let you play with my cat,
/2x

I don't want to let you disturb my cat
Cause he loves the lazy sound of tick tack
I don't want to let you disturb my cat
/2x

My mix, my track
Don't you dare to speed my shit up
My mix, my track
I go slow just like my cat
/2x

I don't want to let you feed my dear cat
Cause I know he only likes candy rats
I don't want to let you feed my dear cat
/2x

I don't want to let you wake up my cat
Cause I love it when he lies on his back
/2x

My mix, my track
Don't you know my soul is black?
My mix, my track
Always black just like my cat

So good, so nice
Blue Cafe stay fresh tonight
So good, so nice
Now it's time to say: Goodbye
