

Blue Cheer, As Long As I Live

(Dickie Peterson & Bruce Stephens)

Please don't string me out
Don't make me walk the line.
My life was meant to give
And I'll give as long as I live.

Come on, go to any place
If I could just reach you
Relax, let yourself go through.

Grooving is the only route
I say you go every time.

Come on, go to any place
If I could just reach you
Relax, and let yourself go through.

All these emotion powder your mind
I need a world of trust
And 'm gonna give
As long as I live
Hey, I'm gonna give, give
As long as I live, yeah
Yeah, I'm gonna give
As long as I live, live
As long as I live.
